

# Preschool Craft Rotation

## Day 5

### *Paper Bag House*

#### Day 5 Supply List

- Paper Bag (large or small)
- Markers, colored pencils, or crayons
- Glue sticks
- White paper
- Scissors
- Rocks (optional)

#### Day 5 Instructions

Prep: Print the “Windows and Door Template” on white paper. Cut out the shapes for younger preschoolers.

Lay each bag flat and cut off the top corners of the front side of the bag to create a triangle shape. Then, starting at the base of the triangle, cut a straight line across the sides and back of the bag. This will make the roof taller than the sides and the back.

1. Encourage kids to use supplies to decorate the windows and door cutouts.
2. Lay the paper bag on the table. Guide kids to glue the windows and door onto the bag and add drawings to the bag to decorate the house. Color the top triangular section to create the roof.
3. Open the bag. Add a few rocks to weigh down the house so it will stand firmly.

#### Day 5 Connection

Remind preschoolers that today they learned about a lesson Jesus taught a man who built his house on the rock. Remind them that one house in Jesus’ story was solid and strong. God’s Word, the Bible, teaches us how to be strong.

**Don’t forget to make a public post with photos of your finished craft using #VBSTLH**
